

VOLEVATCH For nearly 40 years Maison Volevatch has been demonstrating exceptional French craftsmanship in the manufacture of luxury faucets. Displaying both the ambition and ability to match clients' dreams, Serge Volevatch and his team of designers, sculptors and master craftsmen imagine, draw, chisel and produce distinctive bespoke pieces for both kitchens and bathrooms. Volevatch's reinvention of nature through the prism of Art Nouveau style is the epitome of craftsmanship and design. Their expertise has been rewarded by entry to Unesco's Rare Arts and Crafts for the Safeguarding of Intangible Cultural Heritage inventory. *For details, ring 07463 959412, or visit volevatch.fr*

Volevatch paid a tribute to Rateau, taking inspiration from the birds he'd drawn for Jeanne Lavin's bathroom. From this an exclusive collection was created: 'Oiseaux du Paradis'. Photographed is a hook from the new line of accessories 'Oiseaux des Paradis'.
