

COLLECTION
Art Déco

Reconnaissable entre tous par sa modernité graphique universelle, ce style caractéristique des années 30 reste une source d'inspiration qui défie les modes et le temps. Tout ici n'est que lignes pures, arrêtes effilées, géométrie parfaite; un brillant hommage au temps en somme.

Recognizable by all for its universal graphic modernity, this characteristic style of the 30s remains a source of inspiration, defying both trends and time. Marked with sleek lines, sweeping curves, and perfect geometry, this collection is indeed a brilliant tribute to our recent past.

ORFÈVRES À LA MAIN

Made in Tully, France.

COLLECTION

Bistrot

Empreinte d'une certaine nostalgie pour la grande époque des cafés littéraires parisiens où se mêlaient intellectuels, écrivains et artistes, cette collection répond à une tendance très contemporaine où les grands classiques richement travaillés s'intègrent aux décors les plus épurés afin d'en faire jaillir toute la préciosité.

Marked by certain nostalgia for the great period of Parisian literary cafés where intellectuals, writers, and artists mingled, this collection responds to a very contemporary trend where the handsomely crafted great classics are integrated into the most finest decorations.

COLLECTION

Jonas

Comme un clin d'œil aux origines de la «baignoire délirante», cette douche sculpturale, en plus d'être une œuvre d'art d'une fascinante beauté, est la promesse d'une expérience sensorielle inédite pour qui aura l'extrême privilège de se retrouver au cœur d'un ballet ininterrompu de jets caressants.

A little reminder of the origins of the «Baignoire Délirante» this sculptural shower, aside from being a breathtaking beauty and work of art, is the promise of a new sensory experience - the extreme privilege of finding yourself pampered by the water's caress.

COLLECTION

Carpe&Lyre

Loin d'être nostalgique, cette collection revisite les standards du 19^{ème} siècle alliant design assumé et silhouette toute en rondeurs. La technique, poussée ici à merveille dans ses derniers retranchements, s'attache par ses becs évasés à restituer jusqu'au chant particulier de l'eau jaillissant d'une fontaine.

Far from being old-fashioned, this collection revisits the standards of the 19th century, incorporating unabashed design and substantial silhouettes. The technique, here pushed marvelously to its limits, displays flared spouts, skillfully restored until they resonate the particular tune of the water cascading from a fountain.

COLLECTION

Héritage

Plusieurs décennies d'initiation à la robinetterie d'art ont laissé une empreinte indélébile laissant toutefois la part belle à la création, inspirée ici par une architecture tubulaire épurée, sans pour autant sacrifier les fondamentaux d'un confort d'usage exemplaire.

Several decades of initiation into fine bathroom fixtures left a lasting impression, all the while leaving beauty to the creation. Refined tubular architecture has inspired this collection, without sacrificing the fundamentals of comfort for timeless use.

Made in Tully, France.

COLLECTION

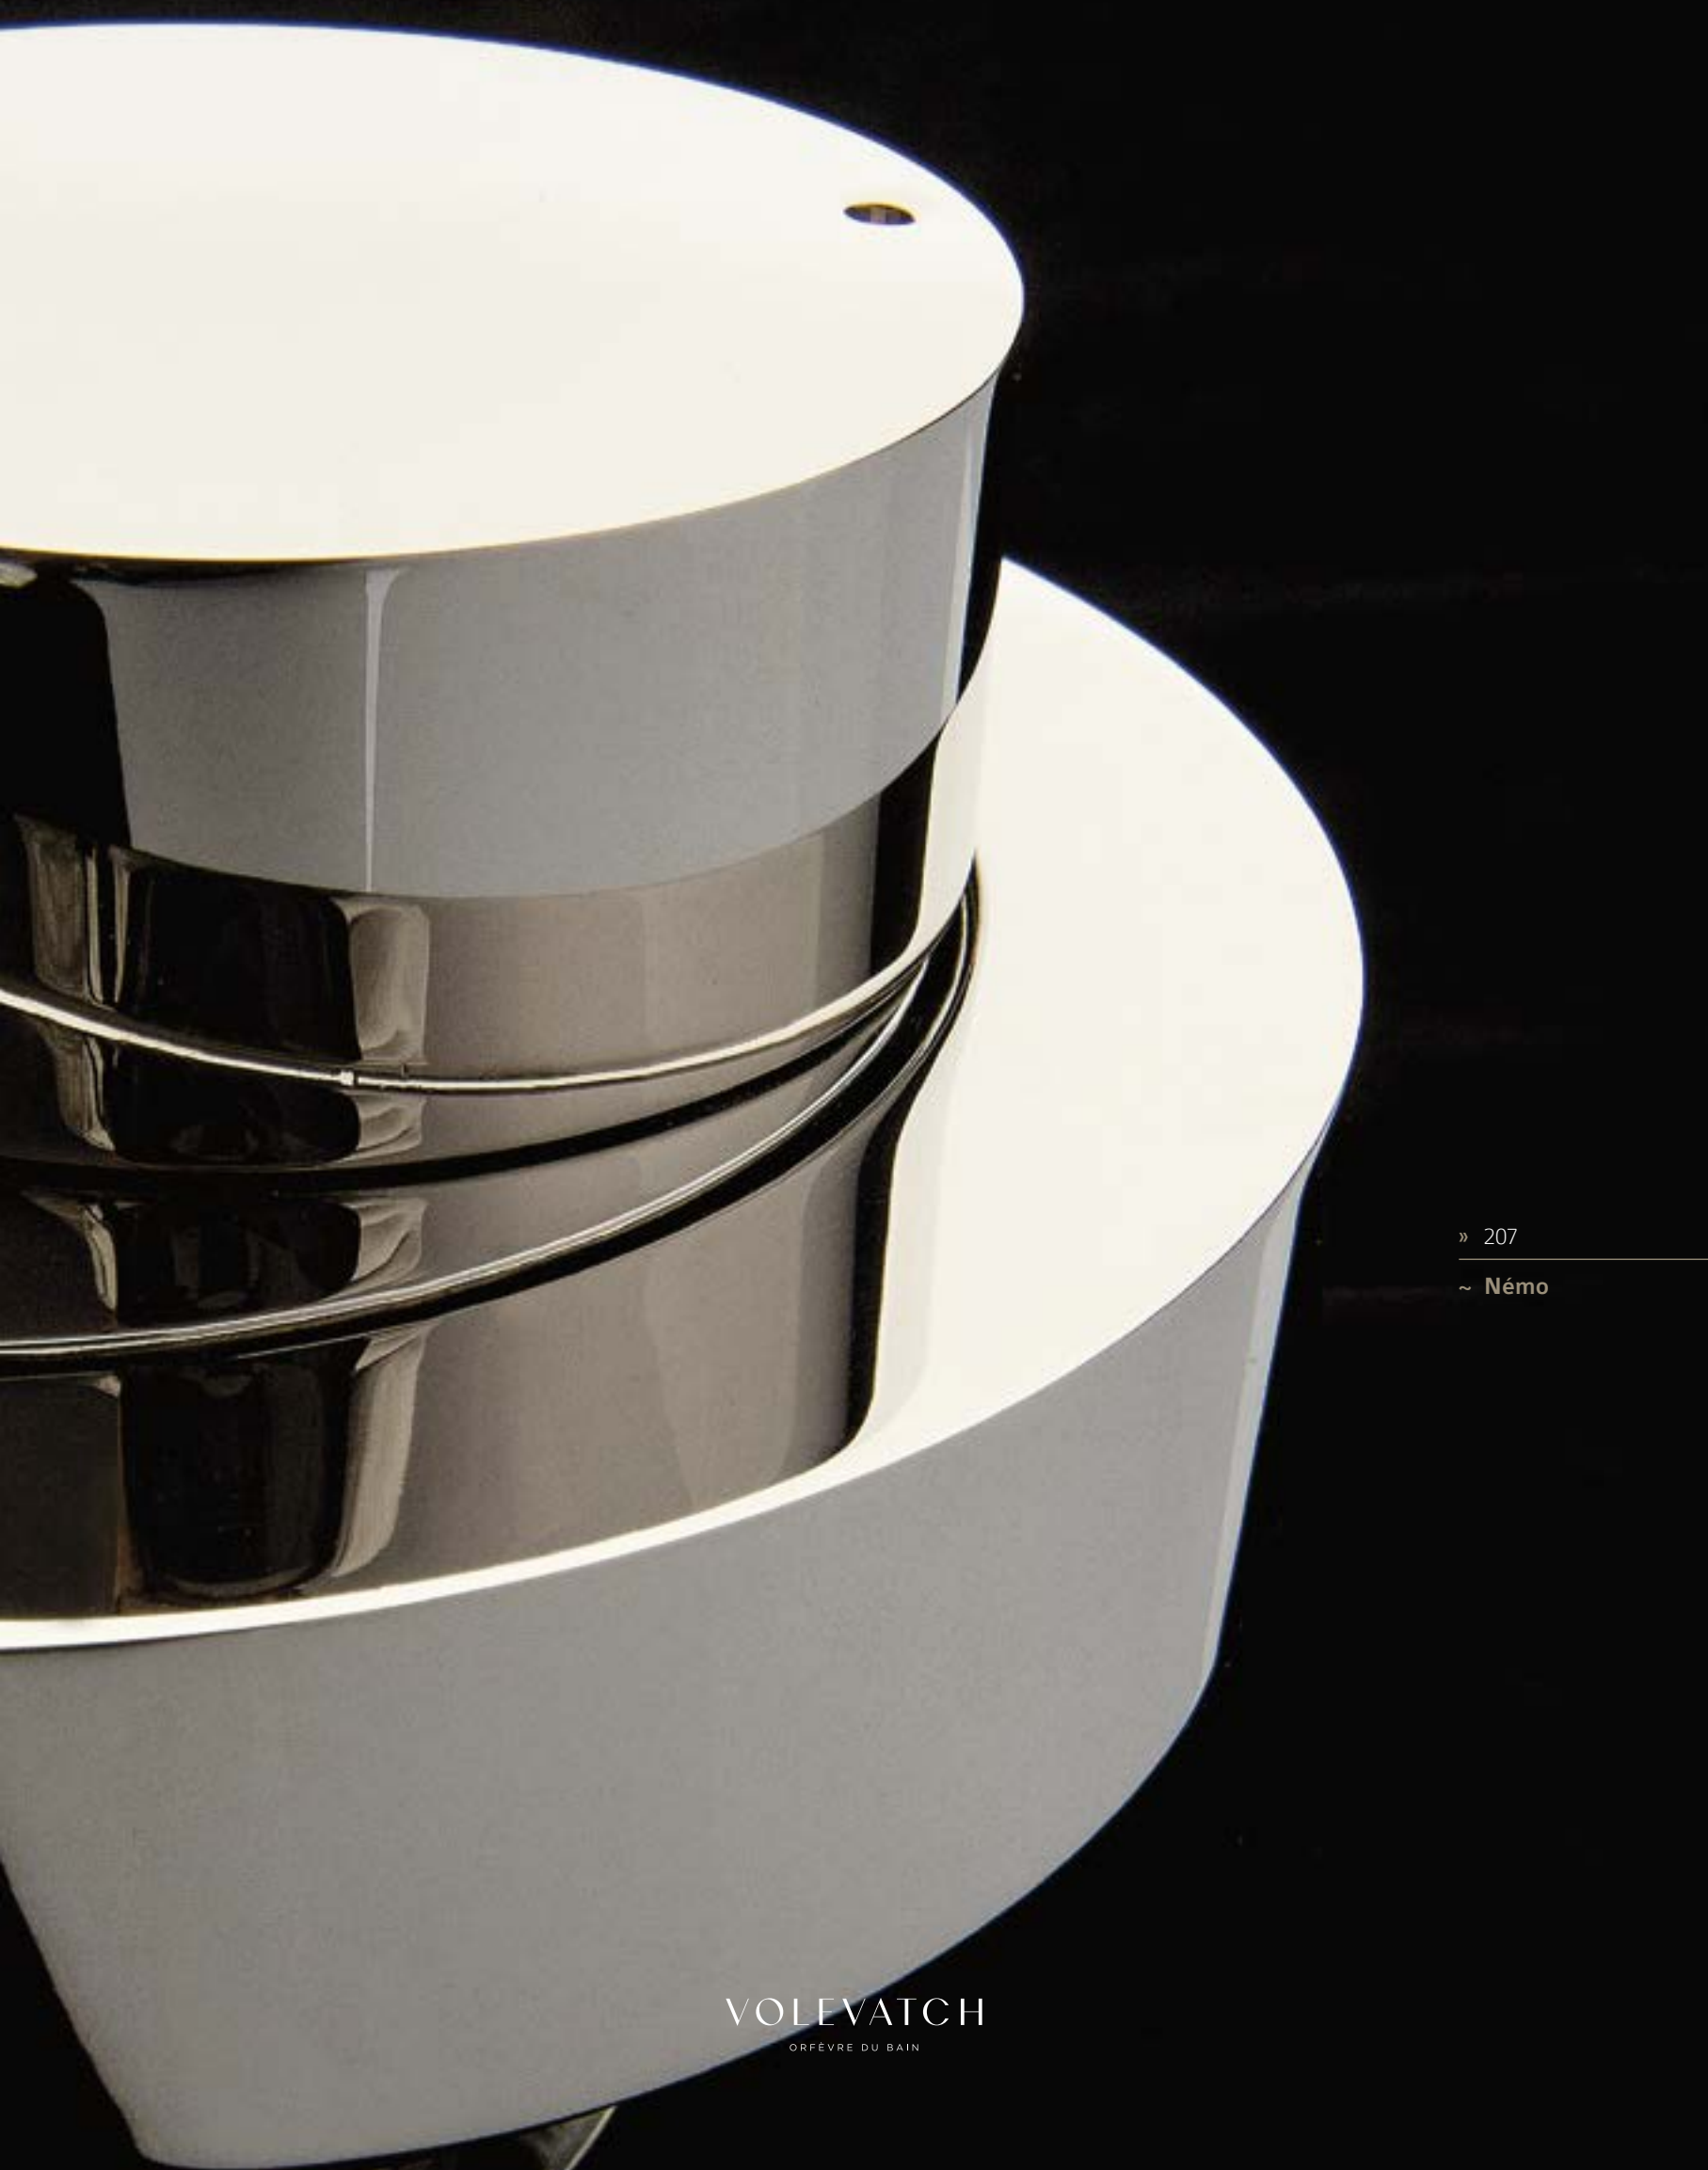

Némo

La dimension ludique est la composante centrale qui influence les lignes rondes gracieuses, inspirées des jouets en bois d'autrefois. C'est avec le même sentiment de plaisir et de plénitude que l'on se surprend à manipuler ses formes géométriques généreuses, véritables invitation au vagabondage émotionnel.

» 206

~ Némo

Inspired by recollections of traditional wooden toys, this collection emanates a playful aspect, which are apparent in its rounded lines and cheerful curves. It is with the same sentiment of delight and vibrant movement that we find ourselves handling its extensive and elegant geometric forms, inviting us to a carefree, joyful escape and elegant geometric forms, inviting us to a carefree, joyful escape.

Made in Tully, France.

COLLECTION

Grand Hôtel

Si l'on perçoit ici un certain goût pour l'élégance « grand style » des prestigieux palaces parisiens, l'inspiration est quant à elle résolument moderne multipliant les mariages les plus audacieux du métal avec le cristal de roche, le quartz rose ou le bois d'ébène.

Here we exemplify a particular taste for the high-class elegance of prestigious Parisian hotels, the inspiration remaining resolutely modern, multiplying the most daring mélange of metal with rock crystal, pink quartz, or ebony.

COLLECTION

Piet

La beauté formelle de cette élégante robinetterie aux lignes épurées et strictes répond à la vision moderne d'un design minimaliste dont la parfaite géométrie s'invite avec délicatesse et discrétion dans l'intimité d'une salle de bains résolument contemporaine.

Dans cette équation, seuls design, fonctionnalité et harmonie réussissent l'exploit de redonner tout son sens au «beau dans l'utile»; offrant ainsi à Volevatch l'occasion de signer une première collection originale aux allures intemporelles affirmées.

The sleek pure beauty of these elegant and streamlined bathroom fixtures is the perfect answer to the modern vision of a minimalistic design, the perfect geometry which invites you gently and discretely into the intimacy of a resolutely contemporary bathroom.

In this equation, only design, functionality and harmony are capable of such a feat like giving something considered functional such grace and allure, providing the just occasion for Volevatch to sign his name on this premiere collection bestowed with an undoubtedly timeless design.
